

A SCALEDLEARNING BOOK

The Perfect AI Organization

Designing an organization where people and AI agents thrive together

By Jonathan Davis

There is no perfect organization, but there is a direction. A hopeful, practical picture of an organization grown like a garden, with people and AI agents in balance, knowledge flowing freely, governance built in and learning at the core, plus the steps to grow toward it.

WHAT YOU'LL LEARN

- Picture what a healthy AI-era organization looks like
- Balance people and agents with people firmly in charge
- Build knowledge flow and governance into the design
- Take practical steps toward it, season by season

CONTENTS

01 Why perfect is a direction, not a destination
02 The garden, not the machine
03 People at the center, agents alongside
04 Knowledge and context that flow
05 Governance built in, not bolted on
06 Learning as the operating system
07 Growing toward it, one season at a time

Edition preview. The full edition will be delivered to this email address when released.
